PROFESSIONAL SUMMARY

Dynamic and **data-driven Product Professional** with a proven track record in the **End-to-End Product Life-cycle** for **enterprise SaaS platforms**. Expert in **Product Discovery**, **Agile Delivery**, and **Stakeholder Management**. Skilled at translating user needs into high-impact **Product Roadmaps** and **PRDs**. Adept at leveraging **Product Analytics** to optimize **User Experience** and drive **feature adoption** in fast-paced **Agile/Scrum** environments.

PROFESSIONAL EXPERIENCE

Mitsogo Technologies <i>Product Analyst (Hexnode UEM, Hexnode XDR)</i>	Chennai, India Sep 2023 – Present
--	--------------------------------------

- Orchestrated the **End-to-End Lifecycle** of **80+ features**, ensuring alignment with global **Go-To-Market (GTM) strategies** and release timelines.
- Authored **Comprehensive PRDs** and **User Stories** within **Agile frameworks** to streamline development and **QA workflows**.
- Increased **Feature Adoption** by identifying **UX Friction Points** through **Product Telemetry** and **user behavior analysis**.
- Facilitated **Cross-Functional Collaboration** between Design and Engineering to deliver seamless **API Integrations**.
- Spearheaded **Product Discovery** for core security features, establishing **Compliance and Governance frameworks** for enterprise scalability.
- Developed **Automated KPI Dashboards** using **SQL/Power BI** to track **Retention Rate**, **Churn Analysis**, and engagement metrics.
- Managed **Stakeholder Relations** by synthesizing feedback from Sales and Support into prioritized **Backlog items** and feature enhancements.
- Executed **Competitive Benchmarking** and **Gap Analysis** to identify high-impact market opportunities for the **Product Roadmap**.
- Partnered with **Customer Success** and Support teams to translate critical **customer pain points** into actionable **product requirements** and **backlog items**.

KEY PROJECTS

- **Hexnode XDR Ecosystem:** Orchestrated the design of security workflows mapped to the **MITRE ATT&CK framework**, reducing incident response times through **automated threat hunting**.
- **ServiceNow Integration:** Led the **Bidirectional API logic** for **ITSM/UEM**, enabling **remote actions** directly within the ServiceNow console.
- **Hexnode Genie AI:** Developed functional requirements for an **LLM-powered Assistant** providing real-time **compliance and status data**.
- **macOS Security Suite:** Engineered **Remote Lost Mode** utilizing **Dynamic Wildcards** for enterprise **device recovery** and tracking.

SKILLS

- **Product Strategy:** Roadmap Prioritization, Backlog Management, PRD/BRD, User Stories, Competitive Analysis, GTM Strategy.
- **Data & Analytics:** SQL, Power BI, Tableau, KPI Tracking, Churn Analysis, Product Telemetry, A/B Testing, User Research.
- **Tools & Frameworks:** JIRA, Confluence, ClickUp, Figma, Mockflow, Agile/Scrum, SDLC, REST API, ServiceNow, Integrations, SCEP, MITRE ATT&CK, NIST.
- **Domains Expertise:** XDR, MDM, UEM (Unified Endpoint Management), SaaS Security.
- **Platforms Expertise:** Android, iOS, macOS, Windows, visionOS, Linux, ChromeOS.

EDUCATION

B.E Automobile Engineering Kumaraguru College of Technology, Coimbatore	2017 – 2021 7.2 CGPA
